Strong economy - secure investment

- ✓ Innovative partnerships across all sectors as a guarantee of fast economic development.
- ✓ Highly developed food sector, due to the agricultural character of the majority of the region, with the specialization in cultivation of industrial plants, fruit and vegetables. Favourable natural conditions for the development of the organic food sector and for the production of biofuels.
- ✓ Long industrial traditions of the region, thanks to the presence of companies such as PZL-Świdnik, Ursus, Sipma.
- ✓ Sectors with a potential to develop: chemical production, biotechnology, food processing industry, furniture industry, agri-food industry, machinery, metal, wood, electricity sector, logistic sector, automotive industry, mechanical engineering, pharmaceuticals.
